Dated, 23rd September, 2021

The National Education Policy 2020 envisions creativity, out-of-box thinking, conceptual understanding and learning 'how to learn' among students. In an effort towards this vision, Central Board of Secondary Education (CBSE) in tandem with IIT Gandhinagar is launching an Eklavya Series. Eklavya is an interactive online educational program that will contain numerous hands-on activities, projects & models which help in conceptual understanding of various topics; thought provoking questions & assignments which promote out-of-box creative and inspiring DIY(do it yourself) project videos using local material. This series will help students and teachers by equipping them with scientific temper and key competencies.

The details of the program are as follows:

Programme	3030 Eklavya (Registrations opens on 5th Sep, 2021) (Program Intro Video, https://tinyurl.com/EklavyaIntro)
Time	Live every Sunday 4-5 pm First Episode (26th Sep) : Neeraj Chopra and Newton's Laws of motion
Organizers	CBSE and CCL IIT Gandhinagar
Participation	FREE upon Registration
Registration & Certification	Go to the program website https://ccl.iitgn.ac.in/eklavya or https://cbse.nic.in/eklavya
Live episodes	https://youtube.com/IITGNCLI
Certification	<ul style="list-style-type: none">• Participation Certificate for all Modules (Rs. 100+ tax)• Certificate of Competency for whole course (Rs. 100+ tax)

The content will be of varying levels and will cover topics in Science and Mathematics curriculum of classes 6-12. Therefore, students from these grades can avail this opportunity to register and participate for conceptual clarity and joyful learning. Further, for teachers, successful completion of the course with submission of homework may be considered equivalent to 30 hours of Teacher Capacity Building Program. Therefore, the teachers and students in your State/UT may be encouraged to participate in the aforesaid programme.
